

The  
Roads  
to Milan.

Map not to scale

The 1954 Milan Museum is dedicated to a simpler place and a simpler time. A time, when dreams of the young, when their hard work, and when the dedication of community involvement could make a HOOSIER DREAM come true.

You will find more than just memorabilia of the 1954 State Basketball Championship at the museum. There is a whole story about a small farm community developing from the early 1800's through 1954 and on into today.
